Breast Center

Women and men of all ages who want to check their breasts or who have questions or complaints related to their breasts are welcome to make an appointment at the Breast Center. You can also get help and instructions for independent breast examination.

A referral is not necessary to make an appointment with a gynaecologist or a midwife at the Breast Health Office. You can come for an appointment even if you have no specific complaints, but be sure to come if you feel any lumps, knots, bumps or other changes in your breasts. For breast problems requiring urgent intervention (e.g. suspected cancer), mammography can be performed on the same day as the appointment.

Booking an appointment:

- East Tallinn Central Hospital call centre at 666 1900.
- Through the national e-booking system
- On site at the reception desks of East Tallinn Central Hospital
- If you have an urgent problem, email rind [at] itk.ee (rind[at]itk[dot]ee)!
