Orthopaedist's appointment

A referral letter from a specialist or a general practitioner is needed for the appointment of a orthopaedist at East Tallinn Central Hospital. Appointments take place on all working days at the Orthopaedic Department. In addition to doctors, orthopaedic nurses also provide independent appointments and counselling.

A referral from your family physician or specialist physician is needed to book an appointment. You can also get a paid examination without a referral and with a shorter waiting time.

Appointments can be booked:

- Health Portal https://www.terviseportaal.ee/en/
- by phone 666 1900 **Mon-Fri 7:15-18:00**
- at the reception

Read more about coming for a medical specialist appointment.
