Ear-nose-throat doctor's appointment

An otolaryngologist deals with the diagnosis and treatment of ear, nose and throat diseases in adults and children. We conduct research and offer help in rehabilitation issues as well

A referral from a family or specialist doctor is required for the examination! You can also get a paid examination without a referral and with a shorter waiting time.

You can also consult with a laryngologist through e-consultation by a family doctor or specialist. We will respond to the e-consultation within a maximum of four working days. If it is determined based on the e-consultation that the patient needs a specialist appointment, we will contact the patient ourselves and arrange an appointment

Appointments can be booked:

- Health Portal https://www.terviseportaal.ee/en/
- by phone 666 1900 **Mon-Fri 7:30-18:00**
- at the reception

Read more about coming for a medical specialist appointment.
