Speech therapist’s appointment

A speech therapist is an educated specialist who deals with the treatment of communication problems.At the speech therapist's you can receive help in the elimination or mitigation of voice disorders and learn comfortable voice production.

Our speech therapists deal with the examination and treatment of voice and swallowing disorders, hearing rehabilitation of children with impaired hearing (children who use Russian as a first language), and patients (children and adults) with a voice diagnosis referred in the framework of general practitioner's therapy fund.

The service is paid. For medical indications, the Estonian Health Insurance Fund pays for the service.

Appointments can be booked:

- by phone 666 1900 **Mon-Fri 7:30-18:00**
- at the reception
