# Outpatient appointment with an internist

**A family physician will refer the patient to an appointment with an internist using a referral, or the patient will be invited on the basis of the e-consultation decision ordered by their family physician.**

Internists welcome patients with an unclear diagnosis to their appointments. We deal with patients suffering from anaemia and an increase in inflammatory markers, diagnostics of patients with a suspected tumour, patients with multiple diseases.

**A referral from your family physician or specialist physician is needed to book an appointment.**

**Appointments can be booked:**

- Health Portal https://www.terviseportaal.ee/en/
- by phone 666 1900 **Mon-Fri 7:30-18:00**
- at the reception
