Foot treatment/medical pedicure

Foot treatment is a complex service which includes the following procedures, as required:

- professional foot treatment with patient training, training in foot care, if required, and consultation in choosing footwear;
- treatment of skin lesions: fungal diseases, calluses and warts;
- treatment of ulcers;
- treatment and correction of ingrown nails.

If there is a referral from a family or specialist doctor, the Estonian Health Insurance Fund pays for the service. A referral is not required for a paid service.

You can book an appointment:

- by phone 666 1900 **Mon - Fr 7.30 – 18.00**
- on site at the reception
