Osteoporosis office

In the osteoporosis office, we deal with the diagnosis and treatment of osteoporosis, i.e. bone loss.

For diagnosis, bone density is measured with a DXA-type densitometer. A referral from a family or specialist doctor is required for an appointment!

You can book an appointment:

- by phone 666 1900 **Mon - Fr 7.30 – 18.00**
- on site at the reception
