Outpatient appointment with a paediatric allergist

Children who have already been diagnosed with or are suspected of having an allergic disease (such as allergic rhinitis, asthma, allergic skin rash or hives, food allergies, insecticide allergies, drug allergies) are welcome to an appointment with a paediatric allergist.

In order to refer a patient to a consultation with a paediatric allergist, one's family physician or medical specialist will prepare an **e-consultation referral, to which we will respond within 4 working days**(we will contact you and agree on an appointment date).

Appointments can be booked:

- Health Portal https://www.terviseportaal.ee/en/
- by phone 666 1900 **Mon-Fri 7:30-18:00**
- at the reception
